## **TWO FOUNDATIONS**

Matt. 7:24-27

Intro: Every institution rests on a foundation. It makes no difference what kind of an institution it is, it rests on some foundation. Businesses have been built on a foundation; it may be good or bad. Governments are built on foundations. The kind of foundation usually determines how well the building survives. This is true of clubs, secret organizations, and even churches. The man that hears the Word and obeys is like a wise man building on a rock foundation. The builders are Jesus Christ and men. The foundations are the teachings of Christ and the teachings of men. The buildings are the Lord's church and the churches of men. Let us compare.

### **I. THE ROCK FOUNDATION.**

The Lord's church is built on the rock. The Rock is Christ. Matt. 16:18. There is no other reliable foundation. 1 Cor. 3:11. Wise builders build on Christ. 1 Cor. 3:10.

### **II. THE SAND FOUNDATION.**

Denominations are built on a sand foundation. Those that build on the sand foundation are foolish builders. This foundation will not stand.
